CASE NO. 3:20-cv-06754-WHA

Related to CASE NO. 3:21-cv-07559-WHA

**DECLARATION OF JOCELYN MA IN  
SUPPORT OF SONOS, INC.'S  
ADMINISTRATIVE MOTION TO  
CONSIDER WHETHER ANOTHER  
PARTY'S MATERIAL SHOULD BE  
SEALED (DKT. NO. 134)**

I, Jocelyn Ma, declare and state as follows:

1. I am an attorney licensed to practice in the State of California and am admitted to practice before this Court. I am an associate at Quinn Emanuel Urquhart & Sullivan LLP representing Google LLC (“Google”) in this matter. I have personal knowledge of the matters set forth in this Declaration, and if called as a witness I would testify competently to those matters

2. I make this declaration in support of Sonos, Inc.’s (“Sonos”) Administrative Motion to Consider Whether Another Party’s Material Should Be Sealed (“Administrative Motion”) (Dkt. No. 134) filed in connection with Sonos’s Answer to Google’s Second Amended Complaint and Sonos’s Counterclaims (“Answer”) (Dkt. No. 135). If called as a witness, I could and would testify competently to the information contained herein.

3. Google seeks an order sealing the materials as listed below:

Document	Portions Sonos Sought to Be Filed Under Seal	Portions Google Seeks to Be Filed Under Seal	Designating Party
Sonos’s Answer	Portions highlighted in green	Portions highlighted in green	Google

23 4. I understand that the Court applies a “compelling reasons” standard to a sealing request  
24 made in connection with an answer to a complaint. *See, e.g., VLSI Tech. LLC v. Intel Corp.*, No. 17-  
25 CV-05671-BLF, 2021 WL 6063965, at \*1 (N.D. Cal. Dec. 22, 2021); *Delfino Green & Green v.*  
26 *Workers Compensation Sols., LLC*, No. 15-CV-02302-HSG, 2015 WL 4235356, at \*2 (N.D. Cal. July  
27 13, 2015).

1           5.       The portions of Sonos's Answer highlighted in green as well as Exhibits AU, AW, AY,  
2 BB, BE, BG, BI, and BL contain references to Google's confidential business information and trade  
3 secrets, including details regarding source code, architecture, and technical operation of Google's  
4 products. The specifics of how these functionalities operate is confidential information that Google  
5 does not share publicly. Thus, I understand that the public disclosure of such information could lead  
6 to competitive harm to Google as competitors could use these details regarding the architecture and  
7 functionality of Google's products to gain a competitive advantage in the marketplace with respect to  
8 their competing products. A less restrictive alternative than sealing would not be sufficient because  
9 the information sought to be sealed is Google's confidential business information and trade secrets but  
10 has been utilized by Sonos in support of Sonos's Answer.

11           6.       The portions of Exhibits CI, CJ, CK, and CL outlined in red boxes contain references  
12 to Google's confidential business information and trade secrets, including details regarding source  
13 code, architecture, and technical operation of Google's products. The specifics of how these  
14 functionalities operate is confidential information that Google does not share publicly. Thus, I  
15 understand that the public disclosure of such information could lead to competitive harm to Google as  
16 competitors could use these details regarding the architecture and functionality of Google's products  
17 to gain a competitive advantage in the marketplace with respect to their competing products.  
18 Although Sonos's Administrative Motion sought to seal the entirety of these exhibits, Google seeks to  
19 seal only the portions outlined in red boxes in the unredacted versions of Exhibits CI, CJ, CK, and CL  
20 filed in connection with this Declaration. A less restrictive alternative than sealing the portions  
21 outlined in red boxes would not be sufficient because the information sought to be sealed is Google's  
22 confidential business information and trade secrets but has been utilized by Sonos in support of  
23 Sonos's Answer.

24           7.       The portions of Sonos's Answer highlighted in green as well as Exhibits BO, BP, CC,  
25 CD, and CE contain confidential business agreements and licensing negotiations that are not public. I  
26 understand that public disclosure of this information would harm Google's competitive standing and  
27 its ability to negotiate future agreements by giving competitors access to Google's highly confidential  
28 business thinking and asymmetrical information about Google's collaboration strategies to other

1 entities. A less restrictive alternative than sealing the highlighted portions would not be sufficient  
2 because the information sought to be sealed is Google's proprietary and confidential business  
3 information but has been utilized by Sonos in support of Sonos's Answer.

4 I declare under penalty of perjury under the laws of the United States of America that to the  
5 best of my knowledge the foregoing is true and correct. Executed on February 25, 2022, in San  
6 Francisco, California.
